SUMMARY

Final-year ECE student at DSCE Bangalore with 3 fully deployed MERN stack applications and hands-on internship experience in a fintech production environment. Skilled in building end-to-end web applications using React.js, Node.js, Express.js, and MongoDB. Strong understanding of REST APIs, JWT authentication, Git-based CI/CD, and cloud deployment. Solved 200+ DSA problems. Targeting Full-Stack / MERN Stack Developer roles.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Redux, Context API, React Hooks, Bootstrap, Responsive Design

Backend: Node.js, Express.js, RESTful API Design, JWT Authentication, bcrypt, OAuth 2.0

Database: MongoDB, Mongoose ODM, PostgreSQL, MySQL, Firebase

Tools: Git, GitHub, Vercel, Render, Postman, VS Code, CI/CD, Cross-browser Testing

Languages: JavaScript, TypeScript, Python, C++, Java 8, C#

Other: Google Gemini API, OpenRouter API, Prompt Engineering, Next.js (basics), Spring Boot (basics)

EXPERIENCE

Data Analyst Intern — Bluestock Fintech (bluestock.in)

Mar 2025 – May 2025 | Remote

Python · PostgreSQL · ETL Pipelines · Data Warehousing · Star Schema · Agile

- Built automated Python ETL pipelines to extract, clean, and load 12 years of financial data into a PostgreSQL star-schema data warehouse, enabling efficient analytical querying and business reporting.
- Analyzed large-scale financial datasets, identified trends and anomalies, and delivered actionable insights to support data-driven decisions in a live fintech environment.
- Collaborated in an Agile workflow, participated in code reviews, and maintained clean well-documented Python scripts following industry best practices.

Virtual Experience — Tata Group (Data Analytics) & Deloitte (Technology)

2024

- Cleaned and structured raw business data; presented insights and recommendations to non-technical stakeholders.
- Practiced Agile sprint planning, code reviews, and technical documentation in a simulated enterprise environment.

PROJECTS

Skillpath-AI — AI-Powered Placement Prep Platform

[GitHub](#) | [Live Demo](#)

React.js · Node.js · Express.js · MongoDB · Gemini API · OpenRouter API · JWT · Vercel · Render

- Built a full-stack MERN platform integrating Google Gemini & OpenRouter APIs for personalized roadmaps, resume analysis, and AI mock interviews; protected routes via JWT + bcrypt authentication.
- Used Context API for global state management; responsive cross-browser UI with progress tracking, job insights, and PDF export; deployed with Git-based CI/CD on Vercel and Render.

Smart Task Manager — Full-Stack Task Management App

[GitHub](#) | [Live Demo](#)

React.js · Node.js · Express.js · MongoDB · JWT · Context API · Render · Vercel

- Engineered a MERN task app with CRUD operations, JWT auth, task categorization, priority levels, deadlines, and real-time UI updates; deployed on Render via Git CI/CD workflow.
- Mobile-first, cross-browser compatible interface with efficiency metrics, streak monitoring, and smart filtering.

Leafwise-AI — Plant Disease Detection Web App

[GitHub](#) | [Live Demo](#)

React.js · TypeScript · Swin Transformer · EfficientNetV2 · Python · Vercel

- Developed a deep learning web app for real-time plant disease detection using a hybrid Swin Transformer + EfficientNetV2 model trained on the PlantVillage dataset with a responsive cross-browser interface.

EDUCATION

B.Tech, Electronics & Communication Engineering — DSCE Bangalore

Sep 2023 – Mar 2027 | CGPA: 7.01

Relevant Coursework: Data Structures & Algorithms, OOP, Operating Systems, Web Development, SQL, Algorithm Analysis & Design

CERTIFICATIONS & ACHIEVEMENTS

- Solved 200+ problems on LeetCode, Codeforces, GeeksForGeeks, CodeChef; maintained a 50-day LeetCode streak.
- Built emergency route optimization solution at Aventus 3.0 Hackathon (May 2025) using graph algorithms for faster relief delivery.
- Certified: Oracle (Java), Deloitte (Technology), Tata (Data Analytics), Infosys (Angular); completed React.js, Node.js, and Next.js certifications.
- Head of Content & Social Media, Photography Club, DSCE — managed digital content and event coverage for a 10+ member team.
